Landen Lavender 14th x, grand champion at the 1953 Spring Ohio State Sale. Bred by Landen Farms and sired by Glen Knolls King x. Sold at \$1,300 to Kenwood Farms, Montgomery, Alabama.

May we suggest . . .

that you come to Landen Farms a day ahead of the sale for a leisurely inspection of the sale cattle, the breeding herd and the herd bulls. Plenty of good hotels and motels in the neighborhood. Write us. We will arrange accommodations.

May we also suggest . . .

that you plan to stay over for the **Ohio Polled Shorthorn Association Show and Sale** to be held at Lebanon (12 miles from Landen farms) on November 4th, the day following the Landen Farms sale. A get-together dinner of all guests at the two sales is to be held at the Golden Lamb Hotel in Lebanon on Tuesday evening, November 3rd. A total of 115 lots of royally bred Polled Shorthorns will be sold in these two important auctions. Plan to be with us on both days.

Terms and Conditions

Please note—The Landen Farms herd is Federally Accredited for both Tuberculosis and Bangs Disease. Calfhood vaccination is practiced regularly. These cattle can go ANYWHERE.

Guarantee—All cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders' Association **with the exception that Landen farms are going one step further and are guaranteeing all females to be breeders irrespective of age.** In the case of heifers 14 months or older, notice of failure to breed must be given within six months of the date of the auction. In the case of heifers under 14 months old, notice of failure to breed must be given within nine months of the date of the auction. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchasers, but cattle will be at buyers' risk as soon as bid off. Every precaution will be taken to see that animals arrive in sound and healthy condition.

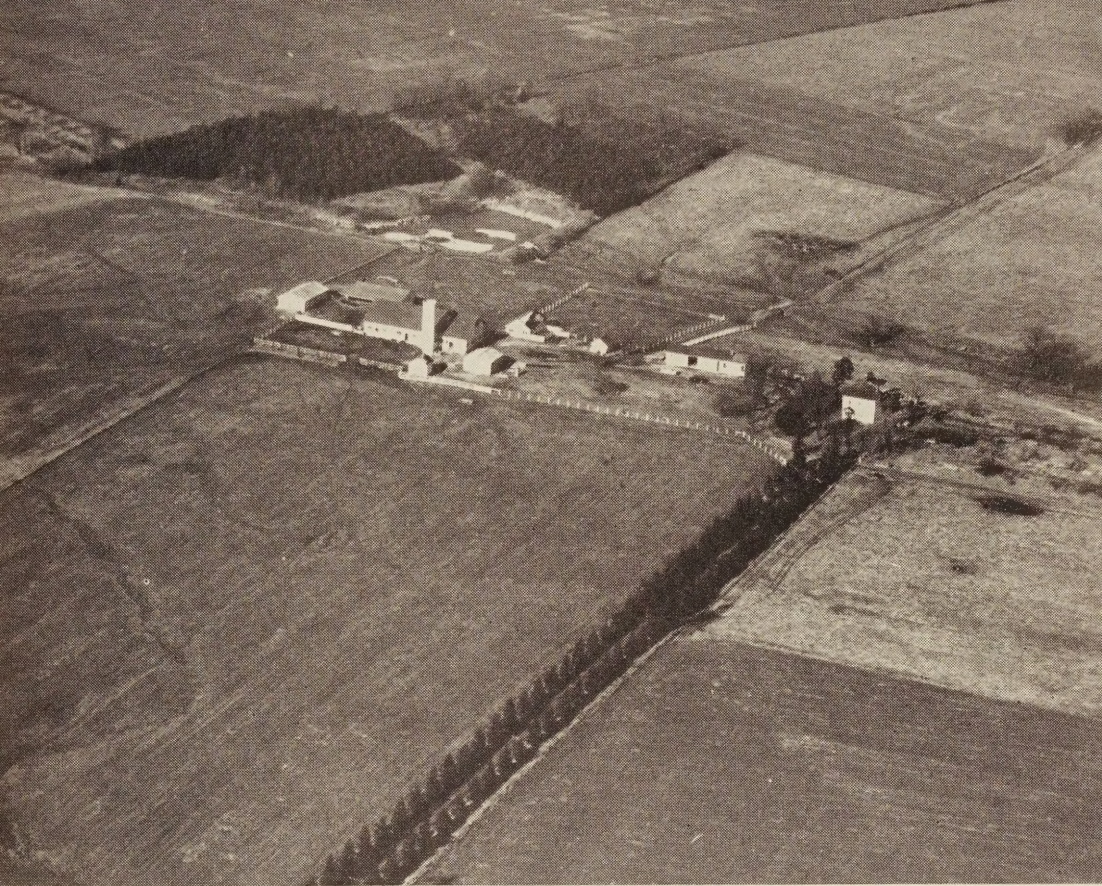

Terms—The terms of this sale are cash unless arrangements are made in advance. All settlements must be made with the clerk of the sale immediately at the conclusion of the auction and before the animals are removed.

Health—The Landen Farms herd is Accredited for both T.B. and Bangs. All younger females in this sale have been calfhood vaccinated for Bangs and the health certificates provided on sale day will be evidence of a clean health record. A 60-day Tuberculin retest will be allowed and all cattle are guaranteed to comply with the health regulations of any state into which they may go. Health certificates will be furnished with each lot sold.

Liability—The above guarantee and terms shall constitute a contract between Landen Farms and the buyer of each lot. Neither the clerk of the sale, nor the individual designated as Sale Manager assumes any liability, legal or otherwise. Where footnotes appear in this catalog they were furnished by the owner. We will not be responsible for any accidents that may occur, but will make every effort to provide for the comfort and safety of our guests.

Inquiries About Cattle listed—The sale manager will gladly answer, to the best of his ability, any question which may arise in the minds of prospective buyers concerning the breeding and quality of any animals listed in the catalog.

Sale Manager—Hal Longley, 16 S. Locust St., Aurora, Illinois.

An air view of Landen Farms where 1700 fertile acres are completely devoted to a live stock operation.

63 lots—8 grand young polled bulls
28 heifers carrying the service of famous sires
15 open heifers sired by great bulls
12 great brood cows, bred or with calves at foot

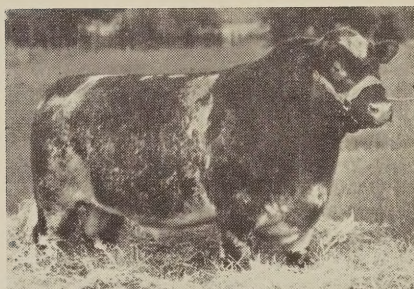

A limited number of very choice heifers are to be sold with the privilege of service to the \$12,000 record priced Upright Leader x, grand champion bull at the 1953 Ohio State Fair.

This will be an Annual Sale. Landen Farms will produce approximately 125 calves a year since the addition of the Carl Cross herd.

This sale is easy to reach from North, East, South or West. Cincinnati, only 22 miles away, is one of the greatest air and rail centers in the country.

The Landen Farms herd is Accredited for BOTH Bangs Disease and T. B. These cattle can go anywhere. All younger females are vaccinated.

Oakwood Emulator x

"ONE of the most important herd bull transactions of the year was consummated recently when Mr. Geo. R. Landen, prominent Cincinnati businessman, purchased the Polled Shorthorn bull, Oakwood Emulator from C. B. Teegardin & Sons, Ashville, Ohio. The price paid for the promising young bull was \$1,750.00, which is a top so far this year for any bull of the Shorthorn breed."

Often we use the terms "foundation cow" and "seed stock" rather lightly. As you study this catalogue you will notice the name of the old bull "Oakwood Emulator x" and of cow families such as "Rosewood," "Roan Fancy," "Orange Blossom," "Lavender," "Mayflower Maid" and "Roan Butterfly." These are very important names at Landen Farms. When Mr. Geo. R. Landen decided to enter the Polled Shorthorn business in 1938 he purchased six females from C. B. Teegardin & Sons. Paul Teegardin selected these animals very carefully as evidenced by the fact that this herd has been built around these cows and the bull above. Some progeny fell by the wayside, and many were sold but the best did stay. The last of these great old cows "Orange Blossom x" was still in the herd in the Spring of 1953. Not one fell down as a shybreeder, all were good milk producers and raised their own calves. The youngest to leave the herd was 12 years old and the oldest was "Orange Blossom" who was 17 years of age. None died in the herd, they all finally were salvaged after being crippled by rheumatism. Perhaps this is not a record, but to us it represents great judgment on the part of Mr. Paul Teegardin who certainly makes seed stock selections in the fullest sense of the word. Appreciate this more when you realize that Landen Farms Polled Shorthorn herd is one of the largest east of the Mississippi, and our pedigree books are filled with Certificates of Registry like those in this catalogue.

Here are a few of the grand cows secured by Landen Farms through the purchase earlier this year of the entire Carl Cross herd. A liberal number of the Cross cattle have been included in this sale.

Welcome to Landen Farms

This is our First Annual Auction. It is a big event in our lives. Getting ready for it has been a lot of work and a lot of fun because Polled Shorthorns are a part of our lives.

Ours has been somewhat larger than the average cattle operation. We produce approximately 125 registered Polled Shorthorns annually on our 1,700 acres and this is sufficient to warrant an annual sale of our own productions. Since we also maintain a large commercial herd, we have had an opportunity to sift the purebreds of plainer quality into our own market feeding operations. Constant weeding, frequent strengthening replacements, and the use of the best bulls available has made it possible for us to maintain a high standard of quality in our purebred Polled Shorthorn herd.

We have purposely avoided overdrawn descriptions in this catalog and are perfectly willing to accept the judgment of the public on sale day. We are proud of the cattle and it is our hope that each animal offered will work improvement.

We invite you to be with us on November 3rd. Whether you buy or not, we will do our utmost to make the day one you will remember.

DON SIGG, Manager
Landen Farms.

Collynie Compact x, one of the great improvers of the past quarter century. Four of his daughters sell in this sale.

Collynie Goods x, another great improver. Four of his daughters will sell in this sale.

Whenever you think of improving Polled Short-horns . . . remember that Landen Farms have them . . . in numbers as well as quality . . . and sired by leading stock bulls.

A word from the Sale Manager

The duties of a sale manager are usually confined to the task of finding a market for a group of cattle selected solely by the owner and labeled as "herd surplus." The duties in connection with this sale entailed somewhat greater responsibilities. When Landen Farms decided the time had arrived for launching an Annual Sale program, they showed us the entire herd and, with very few strings attached, gave us the order to select our own sale offering. Then, after a tentative offering was arranged, they bought the entire Carl Cross herd and gave the further order to "sweeten up the original offering by adding or replacing with as many as necessary from this famous collection." The result is a sale offering that will certainly please.

Most breeders, eager to hold their first auction, do so long before they are ready and find it necessary to "scrape the bottom" in order to provide the required number. Not so at Landen Farms. This sale is the result of careful planning. It comes at a time when the herd has reached a production capacity of 125 calves per year **after a sale offering of 62 lots has been provided**. It comes after many years of weeding, culling, replacement and the use of a succession of top sires. The Landen Herd is ready for this first sale. A fine offering is available and the herd will still be one of the largest and strongest of the breed **after** the sale is over.

This sale will provide buying opportunities not found in the average auction. New and very potent blood will be available and this is being skillfully blended in the Landen herd with the dependable older strains to insure good type, good quality and good polled heads. Capacity and good management make it possible for Landen Farms to offer 21 daughters of one sire. I would like to make the prediction that any man who will buy the ten best daughters of Glen Knolls King x for foundation or replacement purposes will reach a position of uniformity in a few short years not usually reached in a quarter century by most breeders.

It is my firm belief that buyers should pay as much attention to the men behind the cattle as they do to the cattle themselves. In this connection, I would like to pay a tribute to the Landen Farms organization. Never have I found a more capable trio of men behind a purebred cattle project. . . Jack Landen, an owner who is in constant touch with and thoroughly familiar with a large land and livestock operation; Don Sigg, one of the most likable and efficient managers I have known; and Herbert Weber, a herd superintendent who knows good cattle and uses excellent judgment in the feeding and development of each animal. With these fine men at the helm, the name Landen Farms will always be a factor of strength in any pedigree. I am glad to recommend these cattle and the men behind them.

HAL LONGLEY,
of The Shorthorn World.

One of the very good sons of Collynie Monarch x, the great sire that has made such an impressive record in the Glen Knolls herd of A. G. Schubert & Sons, Hamilton, Ohio.

"King" is a half brother to Glen Knolls Monarch x, the model type bull at Lynnwood Farms; a three-fourths brother to the \$10,000.00 Glen Knolls Major purchased by the Killens of Austrailia. All who have seen Glen Knolls King x admire him and adjudge him one of the mellowest, finest handling bulls ever seen. His calves are all dark colored and inherit the fleshing quality of their sire. Only one daughter of this bull has ever been offered for sale. She was Champion Female at the 1953 Ohio Spring Polled Shorthorn Show and Sale, and sold for \$1,350.00. There are over 20 daughters of "King" in this sale. We can recommend them to the most discriminating buyer.

Eureka Upright 2nd was Senior Champion in the 1952 Ohio State Shorthorn Show, Northeastern Shorthorn Show at Berea, Ohio, and Michigan State Fair. If you appreciate great depth of body and rugged rear quarters, you will like this bull. Note the shortness of leg and masculine head. Through the use of this great bull along with his polled half brother, Upright's leader x, we are infusing in the herd as much as possible of the blood of the famous Perth champion Pittodrie Upright.

His daughters, produced in the Herbert Weber herd, have averaged \$800.00 each. A daughter was Grand Champion female in the strong Ohio State Short-horn Sale, selling at \$900.00. Another was top selling heifer at the Columbus Grove sale, and still another was Champion and top selling female at the Huntington, Indiana sale. Through his sire, a bull that was used with wonderful success by Ringwell Farms, he inherits the blood of the two great W. J. Russell imported bulls, Collynie Royal Barrage and Aldie Reynoldstown. Through his dam he inherits the improving blood of the Perth Champion Calrossie Mercury. It would be difficult to find a stronger blood blend.

UPRIGHT'S LEADER x2714-800

The sensational Polled Shorthorn bull of the year. This polled son of the Perth champion Pittodrie Upright, purchased by Landen Farms from Carl Cross at a new record high of \$12,000, was made grand champion at the 1953 Ohio State Fair, the first time shown. His service will be a feature of this sale.

Congratulations

Landen Farms

The bull you bought was strictly a planned production. To produce him I mated a champion Polled Shorthorn female to one of the most famous bulls the breed has ever known, Pittodrie Upright. From the day he was born **Upright's Leader x** has been a perfect specimen. It is true that it took a record price to buy him, but the investment will seem small if you can reproduce his exceptional type, quality and character. With over 300 head in your herd and with such expert cattlemen as Jack Landen, Don Sigg and Herbert Weber to plan the matings, I am certain that Upright's Leader x and my entire herd have gone to a place where the breed will receive greatest benefits.—Carl Cross.

Two more views of the 1953 Ohio State Fair grand champion Upright's Leader x whose service will be a feature of this sale. He was bred by Carl Cross, Rockford, Ohio, and purchased by Landen Farms at \$12,000, a new record high for a Polled Shorthorn bull.

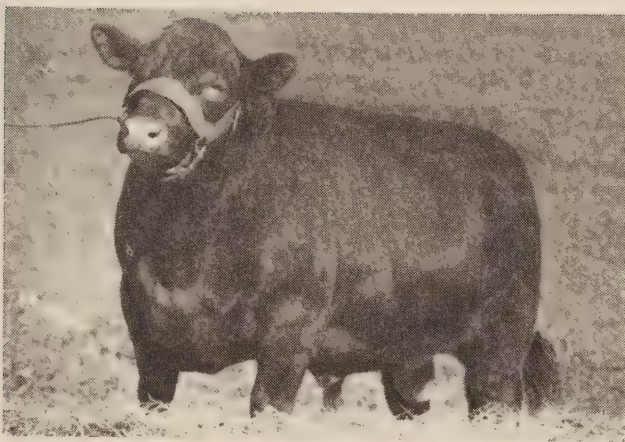

A New Era For Polled Shorthorns

Good herd management demands that each succeeding stock bull be better than the last. The story of herd bull strength on these pages proves that good management practices have been followed at Landen Farms. In fact, it seems very evident that, regardless of cost, the creed of the Landen organization has been to buy the best bull they could lay their hands on whenever one was needed.

Upright's Leader x, the newest addition to the Landen herd bull battery, seems to combine all of the characteristics that are needed to carry the Polled Shorthorn breed to new and higher levels of quality. He has a marvelous head, wonderful width from front to rear, is well filled over the heart, with well sprung ribs and unusual fullness and depth of quarters. Combining all of these desirable characteristics with bone, ruggedness, exceptional fleshing and plenty of size, he is a bull much to be admired.

Backed by a blend of the strongest polled blood with that of the Perth champion, Imp. Pittodrie Upright, one of the most perfect individuals the Shorthorn breed has ever known, Upright's Leader x seems destined to create a new era for Polled Shorthorns. It is my hope that visitors to this sale will study the type of this bull and use it as a guide to future improvement.

HAL LONGLEY,
of The Shorthorn World.

WHAT A BUYING OPPORTUNITY!

We like visitors. We enjoyed entertaining the Ohio Polled Shorthorn Breeders' Association for the annual picnic. Here is a group of Ohio breeders standing in the chow line on picnic day.

and please don't forget the annual Fall Show and Sale of the Ohio Polled Shorthorn Breeders' Association on Wednesday, November 4th, the day following the Landen Farms Sale. It will be held at Lebanon, Ohio, twelve miles from Landen Farms.

Standard Guarantee

OF

AMERICAN SHORTHORN BREEDERS

ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

Please note—The Landen Farms Herd is accredited for **BOTH** Bang's and Tuberculosis. Health certificates will be provided that will take these cattle ANYWHERE.
